57	We have an excellent rose garden. Hayes does a nice job with the trees as does Cope. It would be good to have a place for native wildflowers/grasses with identification. With pollinators in trouble folks can use help focusing on native plants and not roses.	3/19/2020 10:57 AM
58	We need a better skate park. New Castle has an amazing skate park for the kids I wish we had a better and safer skate park for our youth. We also need more community gardens. We are missing out on a great teaching and community opportunity in this area.	3/19/2020 10:37 AM

74	Productive social activity for people specifically 20-50 year olds that are in between youth and seniors. Many people in my personal life (I am 23) find a desire to escape the pattern of drinking in bars and either don't know about or don't have access to any other more productive types of social activity. We want to find community, clubs, activities and places to meet new people and have fun. The feeling of community, I feel, is lacking here. It could be greatly encouraged with more widespread and well advertised social activities.	3/16/2020 12:41 AM

95	I'd love to see more sport facility offerings paired with adult leagues. A great example of this would be an outdoor sand volleyball court. Pair this with a weekly evening league and sign me up! There could also be opportunity to partner with local fitness facilities if Parks did not have the resources to do this themselves. There would need to be a clear plan in place for maintenance as well, it would need to be better kept than current park offerings.	3/10/2020 1:50 PM

130	We used to live in Belpre, Ohio where they had a walking track for the community. It is WONDERFUL! There is a pond in the middle with swans, a gazebo in the middle, benches along the trail to rest if needed. There are trees and landscaping around the track also. It was conveniently located by the baseball fields, tennis courts, and pool. Many of the community used this walking track. It was a safe place for people to come. At night it was well lit also. I do not feel safe walking on trails through the woods where anyone could hide and possibly do you harm. Something like a community walking track is great because it is in the open and the police can see what is going on when they make their rounds. I think this would be great for the Richmond community.	3/4/2020 2:07 PM

142	Need to bring back canoe and kayak rentals at the reservoir as that is returning in popularity but not something I can transport multiple canoes to for my family of teens and young adults to do together. We purchased 1 inflated kayak but if we could rent them I think it would be widely used as long as reasonably priced. Is the greenhouse open to the public to come see what it is growing? Older parks need ramps to sidewalks for wheelchair and walker use. I appreciate those being incorporated into new playgrounds too. I think playgrounds are great but I see the need for annual upkeep. They have to have paint updated to prevent rust, new mulch yearly, etc. Love the orchard idea at Mary Scott but would like to see playground updated or at least maintained	3/3/2020 8:35 PM

150	New an improved,	3/3/2020 12:13 PM
151	Rather than adding more parks and facilities, I believe that we should focus on improving the ones we already have. For example, I would love to see more money put into Glen Miller park for new equipment, concessions, hiking and walking trails, etc...	3/3/2020 11:51 AM
152	I think you just need to update some of the parks	3/3/2020 11:42 AM

154	I'd love to see more recreational sports leagues/intramurals for adults, or more fitness groups to join in on. Like a walking club, morning yoga. Maybe a place to rent sports equipment like tennis rackets, etc. I think having additional rentals for events like weddings could be nice too. A community garden would be fantastic. I think we could use another dog park. I love the community events like christmas festival, fourth of July, the arbor day event, food trucks and concerts. Also huge love for the Pride Festival	3/3/2020 11:24 AM

189	More parks that have accessibility for kids with disabilities, perhaps even areas that are more secure in general (ie: fenced in) - this makes it easier for children who are prone to elopement (autism) especially since so many parks are so close to bodies of water. We are a community with several autism centers, and while we have a park that is focused towards younger kids with sensory disorders there is nothing for those that are above the small child age (6+).	3/2/2020 7:25 PM
190	We have many parks in town. The ones that we have are not always kept up and clean of trash and debris. The Glen Miller Park is full of dead trees and it is hard to walk from Elks road to the park because of traffic and cannot go off the road because of brush and poison ivy. The upkeep is not like it was just 5 or 10 years ago. Would like to see some walking paths and maybe some more landscaping. Flowering bushes and care go into the park. It was once a great park!	3/2/2020 6:56 PM
191	The parks leave much to be desired after traveling to nearby cities. I don't believe this is necessarily a direct result of the parks department but failure on the part of the citizens to engage in maintaining and picking up after themselves. 269	I think the biggest missing links in our parks department are areas where native species can thrive and pollinator habitats. There are huge expanses of grass that could be converted into prairie or restored as wetland habitat, which would be of great benefit to flora and fauna. Spaces like this would also serve environmental education needs, reduce the cost of mowing grass, as prairies only require mowing twice per year and are drought tolerant as to not require regular watering. Having large expanses of native wetland with accessible boardwalks could be a beautiful precedent to contrast with non native, round up ready flower beds.	2/28/2020 8:53 PM

271	Richmond needs to have better youth baseball fields. I travel the state and Multiple towns the size of Richmond have their ball fields fall every weekend during the warm months and people will come form all over to play on nice fields and that helps the local economy as well. We have the fields to do it you just need to put a little work into them and partner with a good youth organization like USSSA . Even if you did not promote tourneys our youth fields are in terrible shape. A town the size of Richmond it amazes me we do not have a little league program. McBride has been a staple of this area and I am glad you are working with local high schools to continue playing there as well as the Jazz the month of June but it sets empty all of July and Aug that nice beautiful field along with other fields around it in the area you would be shocked if you offered weekend tourneys how much you could make to help make improvements to everything and fill up the city on those weekends .	2/28/2020 11:43 AM

332	The pond at glen miller needs more places that are easily accessible to people in wheelchairs. Having only one spot in this town to take them fishing is no good, it's either full by time we get there or if we go to middle fork there's no rails leading to the main docks. Not asking for anyone to move mountains, but would be nice for the pond to have it's already built in fishing spots fixed up. Or just more access to places that are wheelchair friendly!	2/23/2020 8:18 PM
333	Maybe adding family style swings at Elstro Plaza like they have on the Cincinnati River front park/splash.	2/23/2020 8:07 PM
334	Safe places to take my kids	2/23/2020 6:22 PM
335	Through many years my daughter and I used Glen Miller as a pleasant place to sit with coffee or Coke and read. Long ago we sat in the double swings. When those disappeared we sat on a blanket. Now we have to sit in the car. But truthfully, I don't like to go there alone anymore, and if reading in the car my doors are locked. Just SITTING to watch birds and squirrels is pleasant (yes I'm old) ☺.	2/23/2020 5:43 PM

353	Richmond needs a INDOOR Playground!!!!... our children can run & play during warmer weather to burn off their excess energy, meet new friends while playing at the park and such....BUT ONCE Fall/Winter seasons hits, our toddlers & their parents are stuck indoors 6 or 7 months waiting for warmer weather so they can get out of the house again meanwhile older siblings are off to school... not every toddler will go to daycare or preschool.... and after 3pm, you have all age groups getting out of school thru the week. Downtown McDonalds tore down the one indoor playplace a lot of these young families used☺. It doesnt have to be huge or elaborate.... just an indoor area or kids can have playground equipment in.	2/23/2020 12:19 AM
354	Major sports park to bring in big sports events and to bring revenue into the city. Need to focus on bringing people in from the regional area and Midwest for sports tournaments. This would bring major revenue to the city and county.	2/22/2020 11:35 PM

357	I remember walking trails through Glen Miller Park when I was a child. Perhaps most of them have been turned into private property, but it would be nice to have nature/walking trails there in addition to Hayes or the Cope center. There really is a lot of underutilized ground at Glen Miller, much of which would be enjoyable to walk in.	2/22/2020 9:45 PM

368	Nice, safe, updated kids playground areas, splash pads that work, picnic areas. Did you know that the picnic tables at Glen Milller Park are literally falling apart and they're totally unsafe to sit on let alone Eat on, A nice public swimming pool	2/22/2020 9:32 AM
369	Non-disgusting pools with terrible hours. A kid puked in cordell pool and all they did was cordon it off for fifteen minutes and then let people back in. I'll never go back. The best playgrounds are either dangerous with bigger kids using them improperly or I have to check for drug paraphernalia like needles before I let my children play. In all, a better pool on the other side of town and a playground closer to my neighborhood would be fantastic.	2/22/2020 9:13 AM

374	Our Parks just need to be better kept up and we need to stop adding new areas and ideas. Let's just do better with what we have.	2/21/2020 12:07 PM
375	You have an excellent bike/walking paths but I'd like to see more. We as a family walk everyday with our dogs and sometimes they are just full. We would like to see more trails. Update the playground equipment and bring more summer programs to the middle school age kids. Keep them off the streets and give them something to do after school and in the summer. Kids now rely on electronics too much and they are not outside enough.	2/21/2020 9:15 AM
376	Safe park where you won't find drug needles on the ground where kids play on the parks should be gated and locked and secured at night so so Suspicious activity can go on	2/21/2020 8:52 AM
377	We have Glen Miller. We should look at what is missing within the park. Glen Miller is a gem waiting to be polished. I have several ideas for the park. Keep up the good work!	2/21/2020 8:25 AM
378	I'd love to see at the very least one other dog park. On days when weather allows, everyone has to stressfully wait for a time where the Bark Park at the Reservoir isn't packed, in order to avoid unnecessary hectic activity. I would also appreciate knowing about park closures in advance, whether through social media or otherwise. There have been multiple times where I've been heading toward a Glen Miller entrance since I live close, and have had to backtrack and go around from the opposite direction.	2/21/2020 7:43 AM

385	More bike paths/lanes please that connect various parts of Richmond (e.g., downtown to IUE or downtown to Earlham College.) More playgrounds would be good in various neighborhoods. Better kept facilities and trash cans available.	2/20/2020 1:46 PM

388	I think we have a lot of park/recreational facilities, but many of them are not well-known.	2/20/2020 12:20 PM
389	More trails, but mostly more offerings and oversight of youth sports. In most communities this size there are very organized leagues for almost every sport for kids. I think the absence of those types of structured leagues here is hurting the community and affecting the participation in extracurricular activities at the secondary school level.	2/20/2020 12:17 PM

Example 2: Outdoor Playground/Exercis/Recreation are for Senior Citizens with social events/gatherings for Seniors. Example 3: Sensory Playground for children/adults with disabilities/handicap accessible activities. Example 4: Ensuring that all rental shelters are updated and provide restroom/small kitchen facilities; maybe build a few new facilities for rental use of gathering/parties, etc...	2/20/2020 10:33 AM
404	Smoke free playgrounds. I hate taking my daughter to the park and having to leave early due to the over abundance of smokers. I don't think you should be able to smoke in the playground area.	2/20/2020 10:30 AM
405	Nothing missing. What we have should be better maintained.	2/20/2020 10:27 AM
406	There are plenty of spaces. I think time and care need given to the spaces we have. Repairing existing structures, cleaning/maintaining trails, buildings, and resources that we have. And frankly, more marketing and outreach. Maybe pairing more with local schools to get students out to these areas to explore and learn, or even getting students out there to volunteer and help clear trails, etc.	2/20/2020 10:25 AM
407	Designated walking and running distances. Better landscaping along the park lakes and streams. Better tree care in the parks. Glen Miller lake needs better banks and general access use such as paddle boats and small dock areas.	2/19/2020 8:17 PM

248	Appears there are a variety of activities available. Maybe they just need to be better publicized.	2/27/2020 3:44 PM
249	I feel like our city needs to put the sole focus of our parks department on caring for our current parks. Glen miller is essentially in the center of town and very poorly maintained. It is sad seeing the way the park is for my children versus when I was a child. I think we need to put our focus there and then move on to other ideas	2/27/2020 1:57 PM

254	I think it depends on the results of this survey and if what is offered is full each time it is offered. Only then should programming be increased.	2/26/2020 6:17 PM
255	focus on maintenance and upkeep, and less on programming	2/26/2020 4:40 PM

283	I'd love to see more local artists and artisans at local events (not MLM stuff like Lularoe, Thirty-one, Pampered Chef). The MLMers crowd out the actual artists and makes it all look like junk.	2/24/2020 3:38 PM

298	More youth activities and supporting current programs not connected to the park to help build our community. Do a better job of promoting activities. When BMX was in Richmond there was little support. There is a skate park being poorly utilize, make fun events, get kids active again. Have a ropes course program and a ninja warrior program for youth. Ice skating.	2/23/2020 11:17 AM
299	Yes and no- don't overlap resources of what is already being offered by boys and girls club or YWCA, etc. Focus on outdoor activities (walking trails) and park/pond maintenance- making it beautiful and safe!	2/23/2020 10:52 AM

We did the exercise/food class at Elstro/ library, Triathlon, sports camp, first tee, and others...I was blown away at the lack of participation. These were great classes and people were missing out. Maybe better advertising for them? I love what you are doing. Please keep it up!!!	2/20/2020 11:06 AM

359	some kids like yoga and gymnastics	2/20/2020 10:32 AM
360	I think Parks and Recreation are the heart and soul to the community of Richmond. I don't have as vast of a knowledge as I would like to to speak to the matter, but the more you can offer, or the more you can support and boost what you already do- the better for our community.	2/20/2020 10:31 AM
361	I think craft classes could be a great way to get community involved and (hopefully) bring income to the Parks Department. I participated in the Winter Centerpiece making at the Greenhouse and really enjoyed it. I would love to do more things like that! There are lots of businesses in town that offer painting and crafting courses and they're all very attractive options. I think the Parks could capitalize on that as well (from an outside perspective). Also just wanted to say From Farm to Fork was excellent and the location was perfect. Thank you all for what you do!	2/20/2020 8:04 AM
362	I don't believe you have the required funding to provide the necessary quality for more programs. Doing more with no increase in resources means poor performance on all the programs.	2/19/2020 8:27 PM

parades, festivals... I wish they would be combined or organizations would work together so we had less events but more impactful ones. Great example is the Meltdown; it the only big thing in the winter and is not competing with any event except weather. The summer/fall city wide event schedule is ridiculous; when everything is special - nothing is special.

382	I feel that we have a diverse number of recreational programs. I believe that adding programs for the sake of being able to say we have programs is not beneficial to our community. By concentrating and improving on the programs that we already have in place, we will be able to have a great parks department. Being able to operate within our means does not mean that what is offered is subpar to other neighborhoods. It means that we are thinking of what our friends and neighbors need, not about what everyone else is doing. We have some great programs that can be built on and improved upon without stretching our resources thin and alienating the very people that we are trying to serve.	2/12/2020 8:01 PM
383	People need to take advantage of what's already available.	2/12/2020 7:58 PM

386	I don't know.	2/12/2020 6:09 PM
387	We will need more pickleball courts	2/12/2020 4:47 PM
388	No additional programming. The parks department should focus on using the funds it has to improve/better maintain (& mow!) the parks we do have, maybe even selling some of the lesser parks to have more funds to do so. Programming is not the Parks Dept.'s responsibility.	2/12/2020 3:20 PM
389	biking clubs, drop in exercise classes, concerts, educational programs	2/12/2020 3:09 PM
390	Arts and crafts, things for LITTLE kids (1-3y), trail walking, educational stuff about the parks (trees and plants education type things), community garden, more options for adult sports (there is a softball league and that's all that I know of).	2/12/2020 3:05 PM
391	Personally, I'm not interested in recreational programming at all. I know that others are and that's cool.	2/12/2020 2:56 PM
392	Nothing specific but I think we need to always grow the ways we reach out to youth and adults to just get outside.	2/12/2020 2:55 PM
393	Not needed. I'd rather support the YMCA	2/12/2020 2:53 PM
394	Really you don't do a good job of getting the word out there. And posting it on Facebook a couple of weeks before doesn't really help. And honestly the main park Glen Miller has turned into a trash bin you guys need to focus on making sure that it's safe for kids to be going to finding needles on the playground isn't a great image not always having bathrooms open at the time the park is open is also horrible. And make sure the splash pad can be used all season test it out before.	2/12/2020 2:52 PM
395	Realize which parks are useful. The rest, try and sell the property so maybe housing can be built.	2/12/2020 6:21 AM
396	Use areas for revenue opportunities to do more	2/11/2020 9:18 PM
397	I think that they do a good job with that for the kids.	2/11/2020 2:55 PM
398	What you have sounds like plenty, but there are likely others that would enjoy different things than myself.	2/11/2020 12:38 PM
399	I feel as though our Parks Dept provides an adequate and diverse set of programming. I don't have an opinion on whether or not there should be more or less.	2/11/2020 12:35 PM
400	Consolidate and improve quality over quantity	2/11/2020 12:01 PM
401	Just keep up with the good work on current programs.	2/11/2020 11:59 AM

34	THIS IS TO RESPOND TO #28 SINCE THERE WASN'T A SPACE. THE PARKS DEPT NEEDS A SEPARATE WEBPAGE THAT IS DESIGNED TO SHOW ALL CLASSES/ACTIVITIES GOING ON WHETHER THEY BE SCHEDULED OR CONTINUOUS. HIGHLIGHT THE POSITIVES, A CERTAIN PROGRAM OR PARK. QUICK LINKS TO SHOW THE COMMUNITY EACH PARK AND IT'S OFFERINGS. DO WE REALLY HAVE THAT MANY "PARKS"?? A FACEBOOK PAGE IS NICE BUT IT'S HARD TO MANEUVER TO SEE A	3/3/2020 8:13 AM

SINGLE LIST OF ACTIVITIES SINCE THE PAGE CHANGES WITH COMMENTS. A LINK TO A WEBPAGE ON THE FACEBOOK PAGE WOULD BE GREAT. MORE ADVERTISING, NOT JUST A SIGN IN FRONT OF GLENN MILLER. PERHAPS BILLBOARDS, RADIO ADS, TV? PEOPLE MOVE TO COMMUNITIES BECAUSE OF WHAT THE COMMUNITY OFFERS FOR THEM. PARKS, ETC ARE A BIG PART OF THAT. THERE ARE NOT A LOT OF ACTIVITIES THAT A FAMILY CAN PICK UP AND DO DURING THE DAY/WEEKEND FOR A SPONTANEOUS TIME TOGETHER. THE PARKS ARE DIRTY, SCARY AND DANGEROUS AND VERY UGLY AND UNKEMPT.

60	20 years ago I would have! I believe it's hard now to know what would interest the younger set. The world is so different now. We were off on our bicycles all day and climbing trees. It just isn't that way today. And if I had young children now, I wouldn't let them out anyway—I would watch them like a hawk. Sad. PS. I love the Senior Center. So much opportunity.	2/23/2020 6:00 PM
